

## Fitzpatrick awards Service Point a five-year contract to provide Facilities Management print services

- Service Point strengthens its relationship with the British engineering firm through a 5-year contract to provide print services on-site
- The contract has an estimated value of €300,000 per year

**Barcelona, 15 December 2008.-** Service Point Solutions, S.A (ticker: SPS.MC), through its subsidiary in the United Kingdom, Service Point UK, has been awarded a Facilities Management contract for print services with Fitzpatrick for a period of 5 years.

Founded in 1921, Fitzpatrick is one of the leading engineering companies in the United Kingdom, which operates in the industrial, commercial, public, construction and civil engineering sectors, including maintenance and construction of roads and the rail network. The company is part of the Volker Wessels group, operates from 10 offices in the UK and had a turnover of €470 million in 2007.

Fitzpatrick also has a solid reputation in the field of corporate social responsibility. Their new headquarters in the UK have achieved an excellent in the “Breeam” ratings, the highest level that an office building can obtain in sustainability and, of course, this reputation is reflected in their requirements for sustainability from their suppliers.

Service Point will provide Fitzpatrick with small and large format print services, both colour and black and white, as well as finishing services and technical assistance. Fitzpatrick’s employees will also have access to Service Point’s network of centres at peak times, which will ensure the continuity of work in the event of disruptions to production.

According to Rafael López-Aparicio, SPS’s CEO: *“For Service Point, this new contract represents another success in its campaign to achieve long-term recurring contracts, as well as providing improved efficiency in Fitzpatrick’s document management.”*

Service Point Solutions, ([www.servicepoint.net](http://www.servicepoint.net)) provides digital reprographics and document management services for the infrastructure, industrial, public and services sectors. It employs over 2,880 people across 8 countries (the UK, US, Spain, France, Germany, Holland, Belgium and Norway) through a network of 145 services centres and 840 facilities management programs. SPS is headquartered in Spain and listed on the Madrid and Barcelona stock exchanges (Ticker: SPS.MC).
